Master Choa Kok Sui : Advanced Pranic Healing before purchasing it in order to gauge whether or not it would be worth my time, and all praised Advanced Pranic Healing:

3 of 3 people found the following review helpful. The best course in healing and health By Sid113A simple but revolutionary concept to improve your and others health. It works and it took me almost a year to believe that it works. Try the protocols under supervision. Please learn the course in advanced pranic healing before using this book. The techniques and protocols are so powerful that they need proper understanding and supervision before applying. Once you learn the course the book will grow on you gradually. I use it everyday for healing myself and my family. 3 of 3 people found the following review helpful. Excellent Energetic techniques (using color energy) By LRama This book is the essence of energy healing with color prana, I don't think that I have seen something similar. I have tried a lot of them and their results are also unbelievable as the techniques themselves. I would suggest this book to people that are into energy healing, but maybe they should read the first book (Miracles with Pranic Healing), before they read this book. Which can be found in as well. :) 1 of 1 people found the following review helpful. Good healing book! Must have if you have Miracles through pranic healing By Astro So this is an advanced book on aura clearing and healing, the basic one being Miracles Through Pranic Healing It's clear, easy to learn, explains about colour visualisations/projection to speed up healing in general and details specific ailments and their required treatment. You could get both books and be proficient in pranic healing in two weeks (some dedication required). It gives good results.

Advanced Pranic Healing represents a major breakthrough in modern energy healing technology. It contains the most advanced healing system using color pranas or chis to produce very rapid healing for a broad range of ailments. Unparalleled and authoritative, this book has changed the entire landscape of known natural healing modalities since its initial release in 1992. Practitioners of energy healing arts find it the most sophisticated, powerful and effective healing technology of its time. Along with the techniques for producing color pranas are clear-cut guidelines and instructions for the treatment of various ailments such as arthritis, cancer, and other numerous illnesses, as well as a chapter on divine healing.
